FOURTH YEAR, No. 1,204

KLAMATH FALLS, OREGON, THURSDAY, JULY 7, 1910

PRICE CENTS

BOOM JOHNSON FOR ALDERMAN

POLITICIANS SAY HE CAN CARRY HIS WARD EARLY

NEGROES GREET BLACK FIGHTER

Negroes in Autos With Hand Wait the Arrival of the Champion at His Home

United Press Service.

CHICAGO, July 7.—Two hundred policemen have been assigned for duty at the Northwestern railroad station this afternoon to prevent trouble upon the arrival of Jack Johnson, the pugilist who defeated James J. Jeffries at Reno Monday afternoon.

The negroes of this city began to gather at the depot at 9 o'clock this afternoon. Every negro who can scrape the money together has rented an automobile, and a line of machines that will reach many blocks will follow the black champion.

A brass band has been stationed in Johnson's back yard, and will entertain the negroes that have begun to crowd the streets in that neighborhood.

Colored men in silk hats and frock coats can be seen everywhere, and the women of the black belt are attired in the latest fashions they can procure. The houses and stores in the vicinity of his home have been decorated for his reception.

Black politicians are booming Johnson for alderman, and say that if he runs he can carry the ward easily.

WOMAN SHOTS HUSBAND FOR GETTING DRUNK

United Press Service.

CHICAGO, July 7.—Mrs. Milaw shot her husband and child and then drank carbolic acid this morning and died en route to the hospital. Her husband and child are dying.

Milaw was on a carousal last night and arrived home at 4 o'clock this morning. His wife met him at the door and shot him twice in the abdomen.

The woman left a note saying that she could not stand her husband's dissipation any longer.

FARMERS ARE BUSY CUTTING ALFALFA

Crops Will Be Large and Prices Will Be High This Season

The streets of Klamath Falls were crowded with farmers from various parts of the country during the celebration which has just ended, but now the sound of the mowing machine is being heard in the fields and the tillers of the soil are making up for the time they lost while celebrating the nation's birthday here.

In all parts of the county alfalfa is being cut, and all expect one of the

largest crops that has ever been harvested in this part of the state.

The last rain followed by the present warm weather started things to growing, and the result has been that the crops of grain and alfalfa will satisfy the greatest expectations of the farmers of this county.

Quite a large amount of alfalfa has been sold at \$12 a ton, and many are holding out for a higher price than that.

Wheat and barley is beginning to head out, and the crops will be bumper ones.

The outlook for the farmers of this portion of the state is a very encouraging one, and the amount of money which they will receive during the present season will swell the deposits in the local banks to such an extent that the showing will astonish less favored communities.

WILL MAKE EFFORT TO SHOW FIGHT PICTURES

Owners of Machines Will Make Test of Right to Stop the Exhibition

United Press Service.

NEW YORK, July 7.—Lubin, the millionaire moving picture man, said he had spent too much not to make a legal fight for the exhibition of the Jeffries fight pictures. He is confident that efforts to prevent the exhibitions will not succeed. He has spent nearly a quarter of a million dollars to get the pictures of the fight, and has made special leases. He had twelve machines at the ringside. He does not mean to yield without testing the right of the various states and cities to bar the pictures.

SEVERE EARTHQUAKE SHOCKS RECORDED

United Press Service.

WASHINGTON, D. C., July 7.—The most severe earthquake since 1907 West Indies shock, was registered by the Georgetown University seismograph last night. It is estimated that it was 1,500 miles away, possibly in the Atlantic. The tremor continued for fifteen minutes, the maximum shocks being between one minute and three minutes after 12 o'clock.

EARTHQUAKE SHOCK IN ICELAND

United Press Service.

CLEVELAND, July 7.—Scientist Odenbach of St. Ignace college, thinks this morning's earthquake struck Iceland. He says the record resembles the quake which occurred in Iceland a year ago.

LANGFORD WANTS A FIGHT WITH JOHNSON

United Press Service.

NEW YORK, July 7.—Mr. Woodman, Langford's manager, has posted \$20,000 to bind the Johnson-Langford match. It is not believed that Johnson will accept.

Charles Pickett of Sand Hollow had business in Klamath Falls today.

Mrs. E. Carpenter, who has been visiting her sister, Mrs. Elias Obenhein, returned to her home in San Francisco Wednesday.

PREPARE PLANS FOR NEW TEMPLE

DRAWINGS ARE MADE FOR ODD FELLOWS' BUILDING

BIDS WILL BE OPENED WEDNESDAY

When Completed Will Be One of the Handsomest Structures in the State

Architect G. E. McDonald is preparing plans for the new temple which the Odd Fellows of this city are to erect on the corner of Fifth and Main streets, and when it is completed it will be one of the handsomest structures in the state outside of Portland.

The bids for the new structure will be opened next Wednesday, and the specifications call for a reinforced concrete, class A building, three stories in height, with a basement. It will be 68 feet on Main street and 106 feet on Fifth, and both of the street sides will be plate glass for the lower floor.

The basement will extend under the entire building. The first floor will consist of three storerooms. The second will be divided into twenty-two office rooms, while the third floor will contain two lodge rooms and a banquet hall and kitchen. The building will be heated with steam, and will have all the most modern ideas in the way of plumbing and sanitary conveniences.

Mr. McDonald thinks the bids will be close, as six or seven contractors have signified their intention of submitting figures. The cost of the structure will be in the neighborhood of \$50,000.

The Whitts Building

L. F. Whitts, president of the First National bank, is to erect a two-story building adjoining the Odd Fellows' temple, and bids for that structure will be opened at the same time that the others are, next week. It also will be built of reinforced concrete, and will have store rooms on the ground floor and offices above. When it is completed it will make a continuous front of plate glass on that corner, and the appearance would be a credit to a much larger city than Klamath Falls.

SOCIALIST LOCALS GROWING

The socialist locals in this county and the northern part of California have been greatly increased since the encampment which was held in this city last week. The Klamath Falls local now has 150 members, and the officers have not blank applications enough to accommodate the many persons who desire to affiliate with that political organization.

Locals have been organized at Keno, Dairy, Merrill and Colore, in this state, and at Bray, Dorris and Sisson, Calif. The local at Dorris organized with thirty-five members.

LODGE NEWS

Modoc tribe No. 59, I. O. R. M., install their officers tonight. All members are requested to be present.

The officers of Klamath Lodge No. 137, I. O. O. F., will be installed on Saturday night. Odd Fellows are requested to take notice.

W. A. Albright and wife, who have been on the ranch which they and John Ellis own near Fort Klamath, came down yesterday, and will leave for the East the last of the week.

Some controversy has been engendered over the question of towing logs down Crystal creek. Captain Burk Wilson, who is doing most of that work, was threatened with an injunction restraining him from continuing in the work, on the grounds that the use of the stream for that purpose prohibited anyone else from using it, as the water was so filled with logs as to make it impossible for houseboats and small craft. But the fact that the stream lies in the boundaries of the forest reserve puts another phase to the question and the injunction has not yet been issued.

WORLD'S RECORD BROKEN IN AEROPLANE FLIGHT

Flying Machines Bump Into Each Other and Are Wrecked—No Fatalities

United Press Service.

RHEIMS, July 7.—Latham broke the world's record for the 100 kilometer aeroplane flight, making the distance in two hours, forty-six minutes.

There were two mid-air collisions, but no fatalities. Once when twenty-two aviators were flying simultaneously, Kinet bumped Petrowski's machine and the latter fell with his machine wrecked. Petrowski was bruised some. Weyman, the American, bumped Aviator Lindpainter, and both aeroplanes fell and were destroyed. Weyman was not hurt, but Lindpainter received a twisted ankle.

CROOKED WORK IN BIG FIGHT

FIGHTERS SIGNED UP BEFORE BIDS WERE OPENED

NO CHANCE FOR OTHER PROMOTERS

Each Pugilist Believed He Was Getting the Best of the Other Contestant

United Press Service.

SAN FRANCISCO, July 7.—The inside workings of the Jeffries-Johnson fight deal were revealed by Tex Rickard, who arrived here today. He said he had signed both fighters two days before the New York bids were opened, the other bidders not having a look in. No bids besides his own were considered, the other promoters not being allowed any chance whatever. Each fighter in signing believed he was "double-crossing" the other in getting the \$10,000 bonus.

The Reno house drew \$250,000. The promoters, Rickard and Gleason, got \$120,000 and a one-sixth interest in the moving pictures.

KEEPING UP WITH THE TIMES

KLAMATH FALLS LAUNDRY PUTS IN NEW MACHINE

Now Able to Satisfy Any Demand That May Be Made Upon Them

Realizing that this city is fast outgrowing the requirements that satisfied its residents a short time ago, and knowing that it would be but a short time before the population would be more than double what it is today, the Klamath Falls steam laundry has anticipated such needs and installed one of the most up-to-date labor saving pieces of machinery that is used in that business. Last Thursday a new four-roll steam mangle was erected and put in use there, and through it they are now able to meet any demand that may be made upon them.

The machine consists of four heavy felt-covered cylinders which come in contact with an equal number of steam heated steel rolls. The mangle is only intended for flat goods and the sheets, pillow cases, towels, handkerchiefs, etc., are fed in at one end and pass between the heated steel rolls and the felt-covered cylinders, and emerge from the opposite end smoother and in a much better condition than it would be possible to produce by hand labor. The capacity of the mangle is 10,000 pieces a day, and by it the laundry is enabled to deliver work the same day it is received and in excellent condition.

The machine cost \$2,350 in San Francisco, but the increased facility for turning out work has justified the expense. Since C. R. Mason, the present manager, has taken charge the output of the laundry has been nearly doubled, and with the new machine that has just been installed they can care for all the laundry work of Klamath Falls for some time to come.

JUDGES AND CLERKS NAMED

COUNTY COURT SELECT MEN TO PRESIDE AT ELECTIONS

ALL PRECINCTS ARE NOW SUPPLIED

Officials Will Serve for Two Years From the Date of Their Appointment

The county court today appointed the judges and clerks of election for the different precincts of this county. They will serve for the next two years, the period for which they were appointed expiring July 1, 1912.

The following are the precincts and the appointees:

Langell Valley
Judges—H. G. Bussey, C. J. Swingle, Thomas Wilkerson.
Clerks—W. R. Campbell, Chris Crowley, W. H. Pankey.

Merrill
Judges—S. E. Martin, E. S. Terwilliger, J. P. Harter.
Clerks—G. W. Offield, E. E. Fitch, J. H. Hobbs.

Poe Valley
Judges—Elmer Moore, Edward Freuer, S. H. Griffith.
Clerks—Glen Vanmeter, F. B. Keeter, Vivian Evans.

Last River
Judges—L. J. Bauman, D. B. Nichols, R. I. Kilgore.
Clerks—J. O. Hamaker, J. B. Reed, F. J. Bowne.

West Klamath Falls
Judges—P. L. Fountain, C. H. Withrow, Charles Hunt.
Clerks—H. P. Galarneau, E. M. Bubb, W. W. Baldwin.

Wood River
Judges—C. C. Jackson, G. S. Hoyt, R. Melhase.
Clerks—Louis Brennan, J. H. Hipsig, F. W. Loosley.

Klamath Lake
Judges—I. G. Brown, D. M. Griffith, M. H. Wampler.
Clerks—F. P. Courtade, Carl Brown, Thomas Hyland.

Pleas
Judges—H. Snowgoose, Dan Gordon, R. W. Tower.
Clerks—Ben Kerns, Brice McCormack, George Ager.

Dairy
Judges—C. W. Sherman, G. G. Anderson, W. L. Welch.
Clerks—Charles Flackus, Charles E. Drew, Fred Beck.

Sprague
Judges—J. W. Wells, D. N. Anderson, E. W. Casebeer.
Clerks—Earl Walker, J. O. Watts, Charles J. Powne.

East Klamath Falls
Judges—J. L. Yaden, J. W. Hawhurst, H. Dunlap.
Clerks—Burge Mason, C. K. Brandenburx, W. D. Cofer.

Midland
Judges—William Barks, Abel Ady, J. W. Jory.
Clerks—J. C. Ferguson, R. O. Vincent, H. G. Fairclio.

Snow
Judges—Sam Hill, Valentine Griffith, M. E. Spencer.
Clerks—W. A. Brown, W. L. Frain, W. H. Grow.

Pine Grove
Judges—J. Shepherd, Burt Short, Ellis Young.
Clerks—B. E. Hawkins, T. E. Griffith, James Grimes.

Odel
Judges—J. L. Ringo, J. L. Howard, W. H. Howard.
Clerks—Ed Rourk, C. J. Sweet, Wister Knight.

KLAMATH STARTS WITH EXCELLENT TRADE
Takes Many Passengers and Much Freight to Agency Landing Yesterday

If all the future trips of the steamer Klamath are as successful as the first one made yesterday the business done by that popular boat will be as great as that which it did while it was running on Lake Ewauna and Klamath river. Many passengers and a large amount of freight was taken up the first trip, and the prospects are excellent for an equally good run every day during the season. The steamer will leave about 9

o'clock in the morning and stop at the famous Eagle Ridge tavern for luncheon, arriving at the Agency landing about noon. The return trip will start about 2:30, and the steamer will stop at Eagle Ridge on the way back, so that the passengers will be assured of excellent meals each way, besides being relieved of the tediousness of a continuous voyage between the upper and lower shores of the lake. The steamer will arrive here about 5 o'clock in the afternoon, thus giving passengers ample time to get ready for dinner.

The auto line which the Klamath connects with runs from the Agency landing to Crater lake and return. From the lake another line runs to Medford and return, so that persons can see the famous resort and lose but little time by coming by way of Klamath Falls.

GOVERNMENT OFFICER WILL NOT CLASH HOUSTON

Charge of Perjury Made by United States Is Not to Be Pressed

Deputy United States Marshal Griffith, who arrived in this city last night ostensibly to get possession of F. B. Houston on a charge of perjury, said to have been committed in Chicago, will not insist on taking the prisoner with him. He informed Sheriff Barnes that the federal authorities thought that the charge against Houston was a technical one, and that the man would be turned over to them to be tried on the charge of perjury. But when he found that the indictment against Houston was more than a technicality he decided to make no attempt to have him taken East for trial, but that he would leave him here to answer the charges made against him before the local officers.

Deputy Marshal Griffith has warrants for the arrest of J. G. Wight of Dairy, Grace Allen of the Klamath reservation and a man living near Merrill whose name was not given, on the charge of selling cattle which had been allotted to the Indians. The cattle episode was the one in which Roy Beck was implicated in some weeks ago and for which he was taken to Portland and tried but freed by the federal judge there. Mr. Griffith went to Merrill after his man this morning.

OPERA HOUSE TONIGHT

Montgomery and Loyd, the singing and talking comedians, who are making such a big hit at the opera house this week will make an entire change in their act tonight. Those who missed their last act here missed a rare treat, and should not let tonight's act go by without seeing it.

There will be a special bill of pictures tonight, four in number, including "The Girl in the Barracks." Nobody should miss this picture, as it is one of the best ever shown in this city. In it is shown the famous vitzograph girl. Special music by the opera house orchestra.

Sheriff Barnes and family will leave for Lakeriew tomorrow morning in his automobile. Mr. Barnes will return in a short time, but his family will remain for nearly a month.

McCarthy's action has placed San Francisco in an enviable light. The interest in the fight was exaggerated to hysteria, now comes the natural reaction following that hysteria.

GILLET WILL NOT TRY TO STOP PICTURES

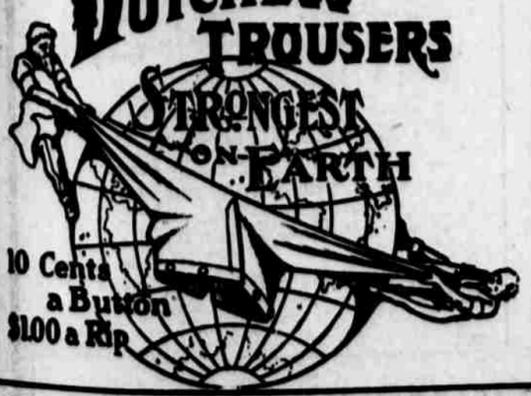

United Press Service.

SACRAMENTO, July 7.—Declaring his confidence in the authorities of California cities following the lead of Mayor McCarthy of San Francisco, in prohibiting the display of the fight pictures, Governor Gillett said he would not take any action. Said the governor:

"McCarthy's action has placed San Francisco in an enviable light. The interest in the fight was exaggerated to hysteria, now comes the natural reaction following that hysteria."
